2016 Shelby GT350 Sold

Sold

Fully optioned Track Pack example.

Legends are pleased to offer a hailed Shelby GT350 from Ford's Advanced Vehicles Division. This example was originally imported to the UK by us in 2018 from Texas as a one owner car with a documented 1900 miles.

Having now covered a total of 10,600 dry miles, this GT350 stands in absolute immaculate condition. All services have been completed and documented on time. Never used on track.

New MOT May 2023

Last Service: May 2023

A Mustang like none before with Porsche squarely in its sights. At it's heart is the specially developed (and unique to the GT350 range) 5.2 litre cross plane crank (Voo Doo) engine producing in excess of 520 BHP and revving out to 8200 RPM!

Importantly, this is a fully optioned Track Pack example, these cars were never exported by Ford making them extremely rare. If you are not familiar please read below and watch the links. The new GT350 is renowned for offering huge entertainment and performance both on the road and track, as well as offering unrivalled value for money.

z Shelby® GT350 Mustang is a thoroughbred capable of tackling the world's most challenging roads and racetracks.

z GT350 is powered by a unique, high-revving flat-plane crankshaft 5.2-liter V8 engine that will produce more than 500 horsepower – the most powerful naturally aspirated Ford production engine ever

z Advanced materials, MagneRide dampers, aggressive brakes and finely tuned aerodynamics push the performance of Mustang to previously unmatched levels

This is a link to Jay Leno's Garage. His example is a GT350 R the car offered here is a non R model to the same specification minus the Carbon Fibre wheels and rear Spoiler.
